“Milly, Molly is a wonderful bunch of books. A real find.”

Robert Munsch: Noted author of bestselling children’s books.

“The underlying morals inherent within the texts are important for children of the twenty-first century to take as their own... the language used to carry the stories is lively and exciting for young readers... the language and style is simply good literature... suitable as teaching texts in social studies or health programs anywhere in the world where difference is an integral component of a community”
